

The Car Seat Lady

Accurate, up-to-date information from NHTSA-Certified Child Passenger Safety technicians and instructors about how to keep your most precious cargo safe:

- the best car seat for your child and your vehicle
- when your child is ready for a booster seat
- how to use a car seat in a taxi
- how to use a car seat on an airplane
- why rear-facing is safer than forward facing
- how to pick a safe vehicle

We also offer experienced, private car seat installation lessons in the New York City and Baltimore areas.

Or if you live elsewhere, find a qualified car seat installation expert near you to teach you how to properly install your child's car seat.
